SPECIFICATIONS

3-DRAWER STORAGE MODULE

The 3-Drawer Storage Module provides convenient storage for nursing or patient items. The Storage Module mounts directly into the Provider™ Channel. Overall dimensions are 18"W x 16"D x 22"H, with an additional 6.25" (159mm) backsplash. Drawer inside dimensions are 13.25" x 12.875" x 3" deep for upper drawer and 13.25" x 12.875" x 6.25" deep for middle and bottom drawers. Standard color of the unit is Formica #923 "Surf".

Cabinetry for the unit is constructed of high-density particle board with a high-pressure laminate surface. Edges of the exposed particle board have a vinyl covering that matches Formica #923 "Surf". Drawers are installed within the cabinet using heavy-duty, full-extension ball-bearing slides. Four-inch wire pull handles are attached to the drawer fronts.

A 16-gauge steel support is attached to the back of the unit to facilitate connection to a Provider channel adapter. An appropriately sized support angle is supplied to stabilize the unit and keep it level. The weight of the empty Storage Module is 70 pounds.
