## ACCESSORIES CREATED TO ORGANIZE

The products in the catalog are the ACCESSORIES needed to ORGANIZE and SUPPORT the everyday materials and equipment in your **healing environment**. These accessories make caring for your patients less chaotic and more productive, allowing you to eliminate clutter by placing the **essential materials** and equipment anywhere on the equipment management system. All of Modular Services Company's headwalls, columns, booms and carts have a horizontal channel or vertical track, making organization easy and convenient. This Modular organization takes the clutter out of your healing environment and supports clinical function. [Happy Organizing.](#)
